SUBMITTED.

The submission of the season and crop report was first prescribed in G.O. No. 13172/Genl.291 dated the 27th March 1877 and the Revenue Secretary who was also the Ex-officio Revenue Commissioner was publishing the report in the Gazette. Though the appointment of a Director of Agricultural and other Statistics was sanctioned in 1885, the Secretary to Government, General and Revenue Departments continued to publish the report till 1906. In 1906 the Revenue Commissioner was appointed the

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Ex-officio Director of Agricultural and other Statistics in Mysore. From that time the Revenue Commissioner is publishing the season and crop report. The appointment of the Revenue Commissioner as the Director of Statistics continued till 1918 when the appointment of a whole-time Director of Statistics was created. But even after the appointment of a separate Director, the Revenue Commissioner continued to publish the report.

No. C 4824 Enc.

Office of the Sanitary Commissioner with the Government of Mysore,

Bangalore, dated the 7th May 1923.

REVENUE & JUDICIAL SECRETARIAT. 5793 17 MAY 1923 LOCAL SELF GOVT. BRANCH.

REV. SEC. 1 10 MAY 1923

From

B. MAHOMED USMON, ESQ., L.M.& S.,
Sanitary Commissioner with the Government of Mysore,
B A N G A L O R E.

To

T. E. JEYARAM IYER, ESQ., B.A.,B.L.,
Secretary to the Government of Mysore,
Revenue Department, B A N G A L O R E.

Sir,

I have the honor to state that the paragraphs relating to epidemics in "the weekly season reports" of districts published by the Revenue Commissioner in Part V of the Mysore Gazette are observed to vary considerably from the "Note on the state of Public Health in Mysore" published by this Department. I may instance the reports for the week ending 17th February 1923 published on page 119 of part V of the Gazette dated the 22nd Frbuary 1923. It is scarcely necessary to say that the publication of conflicting reports in juxta-position in the Gazette is not desirable.

2. The Note on the state of Public Health published by this Department is based on the daily reports of epidemics received from the Presidents of District Boards and the Health-Officers of Bangalore and Mysore Cities and the Kolar Gold Fields and further supported by the weekly reports received from some of these officers. The weekly season reports of districts published by the Revenue Commissioner are reported to be received by that office from the Deputy Commissioners of Districts.

3. I consider that reference to the state of Public Health in the Season and Crop reports has been rendered superfluous by the publication of a weekly report separately by this Department in pursuance

pursuance of Government Order No. L.5915-6/San. 44-22-1 dated the 8th April 1922. The Revenue Commissioner who was consulted on the subject states that since the column "Public Health" in the weekly season report was prescribed by Government in their Order No. 13172/ Gl. 291 dated the 27th March 1877 its deletion now requires the approval of Government. I beg therefore to solicit the orders of Government as to whether the particulars relating to Public Health may not in future be omitted from the season and crop reports.

I have the honor to be,

Sir

Your most obedient servant,

Offg. Sanitary Commissioner

FROM

K. Chandy Esq. B.A

Revenue Commissioner in Mysore,

Secs 39-23-1

To

The *Secretary to the Government of*
His Highness the Maharaja of Mysore,
Revenue *Department.*

SIR,

With reference to your letter No.L.~~638~~ 683 dated 26th July 1923 forwarding for my opinion a copy of letter dated 7/8th May 1923 from the Sanitary Commissioner in Mysore, proposing that the particulars relating to public Health may be omitted from the season reports published by this office, I have the honour to state that it is seen from the copy of the Sanitary Commissioner's letter that his note on the state of Bublic Health published by him is based on the daily reports of epidemics received from the presidents of District Boards and the Health Officers of Bangalore and Mysore cities and the Kolar Gold Fields and further supported by the weekly reports received from some of these officers and that as such there is no guarantee that the Sanitary Commissioner's report is more accurate in respect of rural public health than what the Revenue Commissioner publishes according to Section 15 (b) and (c) of the Famine Code. Moreover, as the Revenue Commissioner is also the Famine Commissioner till a full time Famine Commissioner is appointed, the furnishing of these details to the Revenue Commissioner would appear to be necessary unless the clauses (b) and (c) of Section 15 of Famine Code are modified by Government.

I have the honour to be,
Sir,

Weekly Season Report.

Directs that the paragraph relating to Public Health in the —— published by the Revenue Commissioner be discontinued.

READ—

Government Order No. 13172—Gen. 291, dated the 27th March 1877 directing that a weekly season report giving information among other matters, about public health be submitted to Government, by the Deputy Commissioners of Districts.

2. Government Order No. R. 14737-76—L. R. 675-05-1, dated the 14—15th May 1906 directing that the Revenue Commissioner in Mysore be *ex-officio* Director of Agricultural and other Statistics.

3. Letter No. C. 482-4, dated the 7—8th May 1923, from the Sanitary Commissioner in Mysore, bringing to the notice of Government that the figures relating to epidemics in the weekly season reports published in the *Mysore Gazette* by the Revenue Commissioner vary considerably from those given in the note on the state of public health published by the Sanitary Commissioner and suggesting that under the circumstances the portion relating to public health in the season report be omitted in future.

4. Correspondence ending with letter No. C. 422—Gl. 23-24, dated the 27—30th August 1923, from the Revenue Commissioner in Mysore stating that there is no guarantee that the Sanitary Commissioner's report is more accurate in respect of rural public health than what the Revenue Commissioner publishes, and that what the latter officer publishes is in accordance with Section 15 (*b*) and (*c*) of the Famine Code and that the furnishing of these details would be necessary unless the above mentioned clauses of the said Section are modified by Government.

ORDER NO. L. 6345-54—SANY. 39-23-2, DATED 12TH FEBRUARY 1924.

The Revenue Commissioner states that he has been publishing the Season Reports under Clauses (*b*) and (*c*) of Section 15 of the Famine Code. Government observe that Section 15 (*b*) of this Code refers to Agricultural Statistics and that Section 15 (*c*) which refers to Section 14 (*c*) is to the same effect. The State of Public Health is a matter pertaining solely to the Sanitary Department and the statistics relating to it should be prepared and published by that Department. The Revenue Commissioner was asked to do this work when he was the Director of Statistics and was as such collecting and publishing all information useful to the public. He has now ceased to be the Director and his work has been transferred to the Secretariat. Besides, the state of public health affords no indication of an approaching famine. Mortality from Plague, Cholera and other epidemic diseases cannot be ascribed to starvation. In these circumstances, Government are pleased to direct that the paragraph relating to Public Health in the Weekly Season Report published in the Gazette by the Revenue Commissioner be discontinued in future.
